### **First Institute of Risk Management (IRM) Course to be offered in Arabic across the Gulf Cooperation Council region (GCC)**

LONDON, 23 April 2017 – The Institute of Risk Management (IRM) is delighted to announce that Oasis Training Center (OTC) Bahrain (the first provider of the internationally recognised Fundamentals of Risk Management (FoRM) course in the region) will now be running the training course in Arabic across the GCC, including: Bahrain, Kuwait, Oman, Saudi Arabia, and the United Arab Emirates.

Sanjay Himatsingani, Director of Training, IRM said:

‘We are very pleased to be working with Oasis Training to deliver FoRM in Arabic. This is a first for the IRM as all of our training has historically been delivered in English. There has been a big demand for this in the region and we’re delighted to be able to offer the Arabic option with our partners.

The FoRM course is well respected and attracts delegates from a wide variety of organisations from all over the world. FoRM gives students an introduction to the principles and practices of enterprise risk management and can be applied to anyone from any sector globally; it is also a great introduction to the International Certificate in Enterprise Risk Management.

Dr Suzanne White, Managing Director Oasis Training Center, said:

“Risk management is a hot topic at all levels in Middle Eastern organisations. Having an IRM introductory 2 day course available in Arabic will contribute to organizational effectiveness across the region”.

The IRM offers a variety of in-house and short courses on over 20 risk related topics for all levels of role from FoRM to Risk in the Boardroom. More here: <https://www.theirm.org/training>
